

Free e-subscription to the ADA Professional Product Review®

Special offer to the international dental community

The ADA Professional Product Review (the Review), published quarterly, provides unbiased, scientifically sound comparisons of professional dental products to help dental professionals make informed purchase decisions about products they may use in their practice today, or products they are considering purchasing in the future.

To better acquaint international dental professionals and industry with the indispensable information found in the Review, you are invited to receive a **complimentary** e-subscription to four issues of the ADA Professional Product Review in 2010—a US\$124 value!

To take advantage of this unique and limited time offer, go to
